The Elba Tiger baseball team posted two wins last week to finish the season with a 7-4 record, the team's first winning record in the sport in 14 years! The Tigers saw their record dip to 3-4 and all state playoff hopes vanish two weeks ago after back-to-back losses to Pike County - and a winning season looked doubtful. However, the team refused to give up and closed the season with four straight wins to go out in style.

Now that the long streak of losing seasons has been snapped, it's time to look ahead and see if even better days are yet to come. My ole crystal ball says "Yes!" The Tigers will return five starters next season, three of whom are in the pitching rotation, and the younger players should fill in nicely. Yep, I think the baseball program will soon join the successful ranks of football and basketball, giving Elba a total winning athletic program.

The Ebony Las Donas Club sponsored its annual May Day celebration last weekend at the Mulberry Heights park and as usual, everyone present had a lot of fun! The activities included a softball tournament, a basketball tournament, a dance contest, a disco dance and numerous events for the young children. The park was filled with people of all ages all day Saturday. and it was great to see people having so much fun. The Ebony Las Donas Club is to be congratulated for its weekend celebration.

The men's softball league season is now in full swing, and once again it looks like the battle will be for second place, to see who will finish behind the Elba Exchange Bank. The Bankers are stronger than ever and should have no trouble winning their third straight title; but the runner-up spot will be hotly contested, with five teams having a shot at the position. Cook Chevrolet is solid and could be the team to watch, but the Hickory Pit is improving each game and is a threat, as are Hammonds Body Shop, the City Merchants and the Elba Merchants. The league may be small, but it's going to be fun to

The Elba Recreation Department and the Cystic Fibrosis Foundation will sponsor a benefit softball tournament this weekend and it should be quite an event as both a men's and women's tourney is planned. All proceeds will go to the CF Foundation, so after watching a couple of games, why not make a

John Osburn Resigns As Elba Supt. Of Education

John W. Osburn, Superintendent of Education of the Elba City School System for the past four years, announced his resignation on Wednesday, May 15, and stated the resignation would be effective at

4 p.m. on June 7, 1985. Osburn's resignation came only hours after he had been named director of the Regional Inservice Education Center in the School of Education at Troy State University. As the program's director, Osburn will work with 22 school systems in south Alabama in assisting with the continuing professional training and growth of approximately 2700 teachers. The program was created by the governor's Education Reform Program and the center at Troy State is one of seven established across the state.

The Elba City Board of Education met in special session Wednesday morning at 10:45 to officially act on the resignation, which was accepted. The board discussed the upcoming vacancy and stated it would begin taking applications immediatel In a letter to the faculty and staff of the Elba City School System,

Osburn stated, "Please know that the only reason for such a decision on my part is to take advantage of a professional opportunity which I feel I cannot pass up. I sincerely mean it when I say I have thoroughly enjoyed the relationship with each one of you over the past four years.' After the meeting, Osburn reported he had deliberated on accepting the position for six months and came to the decision that professionally it was an offer he couldn't pass up.

"I am grateful to all the board members, educators and parents with which I've been involved for giving me the opportunity to serve as superintendent," Osburn said. "I've thoroughly enjoyed the past four years, which have been a time of professional growth for me. I look forward to the challenge facing me and also look forward to working at such a fine institution as Troy State." Osburn stated he will continue to live in Elba and be an active part
